4. PENSIONERS' FORUM - WORK PLANNING FOR 2013/14

Members of the forum discussed the topics that they would like discussing at future meetings. The general consensus was that consideration needed to be given to changes in the management of some community centres. The Chair asked that the forum members bring in any relevant information relating to the matter to the next meeting, to address issues with regards to increase in chargeable activities.

Councillor Oldham commented that he would invite the responsible Cabinet Member – Cllr Eldred, to the next forum meeting to elaborate on the changes and proposed changes to the management of local community centres.

Matthew Steele (Benefits and Fraud Manager) updated the forum about the main changes of the Welfare Reform Act. It was reported that the changes would come into effect from the 1st April 2013 onwards. The main change that would affect people was that of the 'bedroom tax'. It was explained that changes to the welfare system meant that people occupying properties, and in receipt of benefits, where they had a spare room would be subject to a reduction of benefits of 14% for a single room and 25% for two or more. It was noted that there were a number of protections in place including:

- Pensioners
- Those in supported accommodation
- Those residing in boats or caravans

- Shared ownership properties

A number of options would be available to those who did not want to pay the shortfall which was considered by the forum.

Councillor Oldham expressed his concern about Universal Credit system and the proposed affects that this would have on people in receipt of housing benefit payments.
