The Scrutiny Panel commented that the answers required were more Northampton specific and when the Employer and Partnership Manager had attended the previous meeting she had referred to data and this data would be useful in informing the evidence base of this Scrutiny review. Specific data around mis-management of finances would be requested.

The Scrutiny Panel discussed Discretionary Housing Payments (DHP) which is a locally introduced Policy. It is not a national one. There is set criteria for DHP and this would be circulated to the Scrutiny Panel.

- Briefing note is a not- regarding statutory overcrowding.
- A member of the Scrutiny Panel referred to a family with two young children sleeping in the living areas – it was questioned whether they more likely to order a take away and create no noise from pots and pans during cooking.
- A potential recommendation of the final report was suggested that the criteria for social housing is looked at as this can impact of food poverty with families living and sleeping in the same room and the quality of the food that they are able to eat due to this fact.
