

TOTAL SEATING: 104

SAFETY, HEALTH AND ENVIRONMENTAL INFORMATION

In addition to the hazards/risks normally associated with the types of work detailed on this drawing, note the following risks and information.

Risks listed here are not exhaustive. For residual architectural risks Refer to D5 H&S Risk Register ref: 596_9.01_22216_MR

CONSTRUCTION:
2.14 Potential for clash between concrete footings (for seat fixings) and new underground ducts.

DEMOLITION:
No unusual risks or hazards.

For information relating to Use, Cleaning and Maintenance refer to the above H&S Risk Register.

It is assumed that all works will be carried out by a competent contractor working, where appropriate, to an approved method statement.

- revision
- A 05.08.13 MR Seating reduced following comments from client, foundation strips for future omitted from coffee concession area.
 - B 08.08.13 MR 4x 2 seat units removed from adjacent curtain walling and concrete foundations updated as client comments. Seating total adjusted accordingly.
 - C 31.10.13 MR Seating sizes updated to detail provided by supplier and setting out updated to accommodate. Internal bins added and external bin locations shown.
