The steps the Sub-Committee can take are to:

- reject the application;
- grant the licence subject to modifying the conditions of the licence, excluding the mandatory conditions, (a condition is modified if it is altered or omitted or any new is condition added);

8.0 Policy Considerations

8.1 Statement of Licensing Policy

8.2 s.182 Guidance Licensing Act 2003

Section 9 gives guidance for determination of this application.

Sections 8 & 10 highlight the elements of the Guidance that are most relevant with respect to this application. This is not exhaustive and guidance should be considered fully prior to making decisions with respect to applications. Officers will advise members of any specific provisions which are relevant to the issues raised at the hearing.

9.0 Committee

Each application must be considered on its own merits and any conditions attached to licences and certificates must be tailored to the individual style and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed, may be unlawful where they cannot be shown to be necessary for the promotion of the licensing objectives in any individual case.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Dear Frank

Further to your email I confirm that 2000hrs will be acceptable.

I will confirm with our Licensing Team that the conditions you suggested on the original application under the heading Public Nuisance should be included on the licence but I will amend the times from 21:00hrs to 20:00hrs.

As I think you are aware, the situation regarding permission to use the external area is being investigated by colleagues here so this may ultimately affect the use of this area as part of the licence.

Please let me know if you need any more information.

Kind regards,
Louise

Good morning Louise

I have discussed the proposed use of the outside area of the premises with my client.

You are correct when you say that I was probably not aware that the land at the rear of the premises is owned by the Council. I discussed this with my client, and he told me that the landlord of the property had been communicating with the council and apparently gave permission for its use. My client has not been in any discussion with the council, it was all down to the landlord.

In any event, I am sure the council will make the necessary contact in respect of its use, and hopefully a satisfactory arrangement will follow.

In relation to your proposal about the outside area not being used after 1800 hrs instead of the applied for 2100 hrs, to prevent a nuisance, my client advises that the residents of the properties at the rear of his cafe create much noise themselves, and that he does not believe that the customers of his cafe would add to any nuisance that already exists.

He would therefore ask that instead of 2100 hrs, would you be agreeable to 2000 hrs? Obviously the use of this area would be seasonal - no-one is going to sit outside in the winter months, and he believes 2000 hrs would be more appropriate if you are against the 2100 hrs.

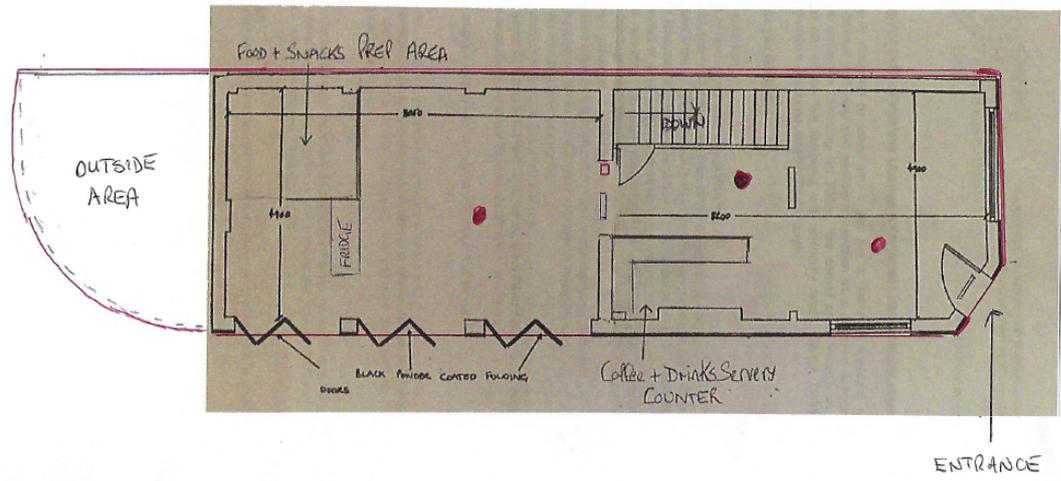

Please let me know if this can be agreed.

Kind regards

Frank
