4.0 Consultations/Representations

4.1 When a request for the full variation of a premises licence or club premises certificate is received, the applicant must display a notice at or near the premises and serve a copy of the application onto the responsible authorities. For electronic applications it is a requirement of the local authority to serve a copy of the application onto the responsible authorities.

This gives responsible authorities and interested parties the opportunity to make representations in relation to the application for a period of 28 calendar days. The last date for making representations was 19th November 2020.

- 4.2 The obligatory notice was displayed on the premises as verified by licensing officers on the premises and in a local newspaper .
- 4.3 The Licensing Department has received a relevant representations from Environmental Health officer Louise Marshall under the licensing objective of the Prevention of Public Nuisance.
- 4.4 Northamptonshire Police have considered the application but have made no representation.
- 4.5 We have also had notification from the Planning Department regarding current planning permissions relating to this premises which would need to be varied if the premises are to be used as per the premises licence permissions. However, this is a matter for consideration under a separate legislation and processes and should not be a reason for any refusal of this application. However, a copy of that planning notification is included in this report for the committee's information and consideration of the full facts.

5.0 Attendance

- 5.1 The local authority is required to send a notice of hearing to all interested parties and request confirmation of attendance. A notice of hearing was sent to the following persons on 25th November 2020:

Applicant Representative - Duncan Craig – Citadel Chambers

Environmental Health Officer – Louise Marshall

6.0 Plan of Premises Layout & Location

Please see premises Plan and Location map attached.

7.0 Options

- 7.1 If representations are received, then at the end of the consultation period the licensing authority must hold a hearing to consider them. It must take such steps as it considers appropriate for the promotion of the licensing objectives, which are:

- the prevention of crime and disorder;
- public safety;
- the prevention of public nuisance; and,
- the protection of children from harm.

The steps the Sub-Committee can take are to:

- grant the application in full;

- reject the whole of the application;
- reject part of the application; or,
- to modify the conditions of the licence (excluding the mandatory conditions) by altering them, omitting them or adding new conditions.

8.0 Policy Considerations

8.1 Statement of Licensing Policy

8.2 Guidance issued under section 182 of the Licensing Act 2003.

Section 9 gives guidance for determination of this application.

Paragraphs 8.50, 8.74 to 8.77 and Part 10 highlight the elements of the Guidance that are most relevant with respect to this application. This is not exhaustive, and the guidance should be considered fully prior to making decisions with respect to applications.

9.0 Committee

Each application must be considered on its own merits and any conditions attached to licences and certificates must be tailored to the individual style and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed, may be unlawful where they cannot be shown to be necessary for the promotion of the licensing objectives in any individual case.

Subject: Objection - Variation of Premises Licence – Moldova, Great Russell Street

Variation of Premises Licence – Moldova, Great Russell Street

Environmental Health is submitting an objection to this application based on the grounds of prevention of public nuisance.

We have concerns about use of the additional areas for licensable activities. There is a condition on the existing licence prohibiting use of function room 2 for licensable activities due to historical complaints about noise; the rear wall of Moldova is adjacent to the wall of residential properties behind.

At the time of the previous premises licence application, the applicant Veronica Orzea, was made aware of the work that would be required at the premises to mitigate against noise transfer to nearby properties and to support any changes to the licence conditions.

There is no information regarding prevention of public nuisance in this application and we have not received confirmation that this mitigation work has been carried out. For information, a recent noise complaint was received in September 2020.

We therefore object to any variation of the licence to include use of the additional areas.

I have discussed these concerns with Duncan Craig, the current licensing agent, and he is aware that Environmental Health is submitting this representation.

Appendix E – Planning Representation

Dear Louise

Thank you for consulting the Planning Department on the above application. This property has a long history from the planning perspective and discussions took place with consultants acting for the current applicant in March 2017, where advice was given in respect of the authorised use and hours of operation following involvement with the EHO at the time;

There are three relevant applications to this property and its use.

N/1996/0005 was approved on 21 Feb 1996 for the change of use from a working man's club to Class D2 (assembly and leisure). Condition 4 of this consent permitted the use between the hours of 0800 and 2300 only.

N/2000/1112 was then submitted requesting a variation of condition 4 to extend hours to midnight Monday to Thursday and 0100 Friday and Saturday. This was approved on 13 December 2000 for a temporary period to 31 December 2001, but was subject to a personal permission to Mr William Davidson and Mrs Daniel Edwards.

N/2002/1020 was submitted in the context of the non-compliance with the hours condition and further sought to extend the opening hours to Monday to Thursday 0800 to 2400, Friday 0800 to 0200 (Saturday morning), Saturday 0800 to 0200 (Sunday morning) and Sunday 0800 to 2300. This had a further personal condition for the benefit of Mr W Davidson.

On the basis of what I have seen the 2000 and 2002 applications are personal consents and extend the hours, but if Mr W Davidson is no longer the owner/operator of the club, the consent and hours that are relevant are those on the 1996 application.

The reason for the personal permission was that the detail submitted provided sufficient information for the local planning authority to be satisfied that the use proposed would not have a significant impact on the amenities of surround residents and the area. It further notes that an alternative type of use within Class D2, may not be acceptable.

If your client is therefore seeking to operate hours outside 0800 and 2300, consent for the variation of Condition 4 would be required. However, there is a further complication with regards the use.

My understanding of how Soundhaus operated, it was more of a concert venue ie live music venue. This would mostly likely fall within a D2 use (as a concert venue). I understand from Neil that the use your client is proposing is more of a nightclub. This is now classed as a sui generis use (ie does not fall into any specific use category).

Would therefore advise that your client needs to apply for planning permission for the change of use of the building for the use now proposed. As part of any application, Neil would expect to see a robust acoustic report to ensure that there is not adverse impact on the area.

It was recommended to the applicant that an application for pre-application advice was submitted, but I am unable to find a record of this taking place.

The licensing submission does not clearly set out what the intended use of the building now is, but you will note that there were previously queries over the use and the times in 2017.

Since that time, planning permission was granted for residential development close to the site and concerns are expressed about the proposed times given the proximity to the proposed residential units. At the time of the determination of the applications for residential development the Council's EHO's were consulted and raised concerns about the potential impact from noise.

Given the history of the site and the proximity to residential properties, I consider, on behalf of the Planning Service, I must **object** to the proposed hours of operation.

I trust this is of assistance and I look forward to receiving notification of the outcome of this application in due course.

Best regards
Wendy
